

MIG/MAG single-phase welding machine 140A**Portable and ideal for maintenance****Easy-to-use and intuitive with the "Smart" solution**

- Perfectly suited to repair, maintain and work **steel, stainless-steel**.
- Portable weighing only 23,3 kg
- Low current consumption, pluggable on a single domestic **230V - 16A** socket
- Adaptable to **Ø100 and 200 mm wire reels**
- 2 processes:
 - MIG/MAG** for indoor welding
Ø Wire **0,6 – 0,8 mm**
 - NO GAZ** for outdoor welding
Ø Wire **0,9 mm**
- **Protection** against overheating with its fan at constant speed

**Easy and fast setting**

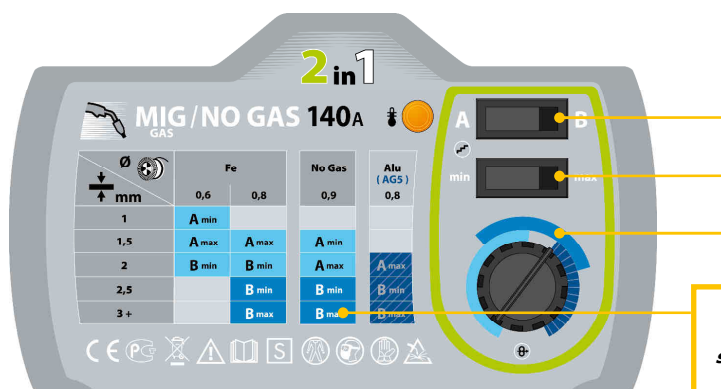

With the Smartmig, no complicated adjustment.
Thanks to the **SMART** board, it is easy to adjust the
voltage (4 positions) and the wire speed feeding.

Ideal setting indicated, just select:

- the type and the diameter of the wire
- the thickness of the metal sheet.

Supplied with an earth cable and a 2,2m fix torch

Optional handle regulator (ref. 041280: 12L/min - ref. 041998: 20L/min)

**Adjust your welding
parameters in few
seconds with the intuitive
settings**
